

**HOSPITALS & HEALTH SYSTEMS: DATA-DRIVEN STRATEGY FOR BUNDLED PAYMENT SUCCESS****Date:** Wednesday, April 20, 2016**Time:** 9 - 10:30 a.m. Central time**Presenters:** Jeremy Clopton, Eddie Marmouget & Eric Rogers**CPE Credit:** 1.5 CPE credits in Specialized Knowledge and Applications field of study may be awarded upon verification of participant attendance.

Even if you're not included in the Comprehensive Care for Joint Replacement (CJR) mandate, the Centers for Medicare & Medicaid Services has made it clear that advanced payment models are your future. Through the use of data analytics and case studies, this complimentary webinar will help hospitals understand their opportunities and risk as well as the necessary action steps for moving forward.

Learning Objectives

Upon completion of this webinar, participants will be able to:

- Recognize the risk potential of being reactive to payment reform
- Identify ways to use data to identify opportunities and manage outlier risk
- Describe how to strategically assess and select collaborators

[REGISTER](#)**SKILLED NURSING: DATA-DRIVEN STRATEGY FOR BUNDLED PAYMENT SUCCESS****Date:** Wednesday, April 20, 2016**Time:** 12 - 1 p.m. Central time**Presenter:** Chris Murphy**CPE Credit:** One CPE credit in Specialized Knowledge and Applications field of study may be awarded upon verification of participant attendance.

Even if you're not included in the Comprehensive Care for Joint Replacement (CJR) model and other advanced payment models are directed at hospitals, now is the time for skilled nursing facilities to prepare. This complimentary webinar will use national claims data and case studies to show the impact payment reform will have on skilled nursing providers. Attendees will gain an understanding of how they can harness their data to seize opportunities and manage risk.

Learning Objectives

Upon completion of this webinar, participants will be able to:

- Recognize the risk potential of being reactive to payment reform
- Identify ways to harness data to identify opportunities and manage risk
- Describe how to strategically assess and present their story to potential collaborators

[REGISTER](#)**HOME CARE: DATA-DRIVEN STRATEGY FOR BUNDLED PAYMENT SUCCESS****Date:** Wednesday, April 20, 2016**Time:** 2 - 3 p.m. Central time**Presenters:** Karen Vance, Mark Sharp & Eric Rogers**CPE Credit:** One CPE credit in Specialized Knowledge and Applications field of study may be awarded upon verification of participant attendance.

Even if you're not included in the Comprehensive Care for Joint Replacement (CJR) mandate, the Centers for Medicare & Medicaid Services has made it clear that advanced payment models are your future. Through the use of claims data and case studies, this complimentary webinar will help home care organizations understand the magnitude of their opportunities and risk as well as the necessary action steps for moving forward.

Learning Objectives

Upon completion of this webinar, participants will be able to:

- Recognize the risk potential of being reactive to payment reform
- Identify ways to use data to identify opportunities and manage risk
- Describe how to strategically assess and make decisions on collaboration opportunities

[REGISTER](#)**GAINSHARING: DEVELOPING YOUR COLLABORATOR AGREEMENTS & REGULATORY WAIVERS****Date:** Wednesday, April 27, 2016**Time:** 2 - 3 p.m. Central time**Presenters:** Mark Blessing & Randy Biernat**CPE Credit:** One CPE credit in Specialized Knowledge and Applications field of study may be awarded upon verification of participant attendance.

The shift to advanced payment models presents opportunities for health care organizations to engage as collaborators in gainsharing arrangements. This complimentary webinar will address drivers and pathways for successful collaboration arrangements and emphasize regulatory safeguards.

Learning Objectives

Upon completion of this webinar, participants will be able to:

- Recognize key components of successful collaborator agreements
- Identify critical regulatory safeguards
- Describe how to leverage physician relationships to improve patient outcomes
